Nature Of Opinion

Docket Number: E-01345A-16-0036

Docket Position: Against

I have written the Commission many times regarding it negative views of Solar Roof Top Panels for Arizona's citizens and YOUR constituents. Needless to say, I am frustrated because of the Commission's continued attempts to stifle the solar industry in AZ. Solar roof top panel produce electrical power used and distributed by the Commission's benefactor APS. So why, would the Commission do something over and over again that robs APS of free power sent to it by roof top panels to use for non solar roof top owners? I am totally confused and disappointment that the Commission can not see beyond its pockets that APS keeps full for reelection. As you can see I am a disgruntal voter when it comes to ACC actions against and hindrance of the solar industry in AZ.
